Important Notice from ONA Local 83

Local Contract Ratification Results

Ratification meetings and vote for the Local Collective Agreement (LCA) was held at the Heart Institute, Civic, Riverside and General campuses over August 30 and 31, 2016. The proposed changes to the LCA were presented to members in attendance along with the rationale for the negotiated proposals between the Ontario Nurses Association and The Ottawa Hospital.

The proposed changes were ratified, voted “yes” for, by 91% of the members who attended the meetings and casted their vote.

I want to thank our Chief Negotiator, ONA Labour Relations Officer – Steve Broadbent and the members of the Local Negotiations Team for their commitment to our members at TOH which has resulted in a successful round of negotiations for the Local Collective Agreement. I also want to thank the Scrutineers at the ratification meetings for their assistance during the vote.

In Solidarity,

Frances Smith RN
Bargaining Unit President
The Ottawa Hospital
Chair of the Local Negotiations Team
